ISSCC 2022: Circuit Insights [isscc.org/insights]

For Undergraduate and Starting Graduate Students **(Now for Everyone)**
Saturday, February 19, 2022, **6:00-14:00, PST**, Free Registration is required*

## Industry Perspective: Why Circuit Design?

Jared Zerbe (Apple)   Edith Beigne (Meta)   Stefano Pellerano (Intel)   Andreia Cathelin (ST)

The Joy of Circuit Design

Top (left to right)
Asad Abidi (UCLA)
Anantha Chandrakasan (MIT)
Thomas Lee (Stanford)

Bottom (left to right)
Jan Rabaey (Berkeley)
Willy Sansen (KU Leuven)
Kenneth (KC) Smith (Toronto)

Fundamentals of Circuit Design

Top (left to right)
Ali Sheikholeslami (Toronto)
Mark Horowitz (Stanford)
Kofi Makinwa (Delft)
Nan Sun (Tsinghua)

Bottom (left to right)
Bram Nauta (Twente)
Behzad Razavi (UCLA)
Marian Verhelst (KU Leuven)
Jerald Yoo (Singapore)

Fireside Chat with Circuit Designers

(left to right)
Alicia Klinefelter (Nvidia)
Phillip Nadeau (ADI)
Preet Garcha (TI)
Elsa Lacombe (ST)

Circuit Insights is online only! Registration is free but required, and now extended to first 10,000!
Student registration requires web endorsement from a faculty member at your institution (university).
To see program details and to register, visit isscc.org/insights today!
